KR Capital LLC was an absolute pleasure to do business with. After nearly a decade of building a multiple PSA FedEx Ground business, I decided to sell my company. Kyle's knowledge of the business along with his constant professionalism were key to my successful sale. FedEx ground routes have increased in value significantly in the past several years, however that being said I was able to get nearly double the price of the highest selling route in my terminal. Thanks to KR Capital I received multiple offers in a very short time. By the time it came to make a final decision I had four solid letters of intent to choose from. I would highly recommend KR Capital and Kyle to any and all who intend to sell their FedEx business. Don't settle for little money.....Kyle WILL get you top dollar for your hard earned investment.
