To Whom It May Concern,

When my partner, Kurt, and I decided to sell our FedEx ISP, we were unsure as to how to go about finding a buyer for our business. We did some preliminary checking and exploration of possible options for selling our business. We were informed of KR Capital that specifically dealt with finding qualified buyers for FedEx ISPs. Our association with KR Capital (Kyle Rohner, Principal) produced a qualified buyer in our specified time frame and resulted in a successful financial transaction. We were provided exceptional service and professional expertise, regarding the sale of our FedEx ISP, during the entire time we were clients of KR Capital. We would highly recommend KR Capital to any FedEx ISP contractor that is seeking to sell their business.

Sincerely, Yargers Delivery
(Greg Yarger/ Kurt Luecke,
Sellers)
