

Kyle,

Thank you so much for all the help selling my FedEx contract. The help putting a value on the business, setting the pricing, the initial listing, screening the potential buyers, closing the deal and everything else in between made things go so smooth! Thanks for all the phone calls to the buyer and to myself!

It was so helpful to have you to reach out to for guidance and help. You helped me get so much more out of my business than I ever thought possible! The process went so FAST, I can hardly believe it!

My life has become so less stressful, it's already changed my family and I. This will be the first Christmas we've been able to enjoy together in so many years.

May God bless you and your family this holiday season.
